

DR. RASHMI M N

Consultant - Radiology

Qualification

MBBS | MD Radiodiagnosis | FRCR | MMED

Overview

Dr. Rashmi M N. Nagaraju is a highly accomplished radiologist, with extensive experience in diagnostic imaging. She is currently practising as a Consultant - Radiology at Manipal Hospitals Mysore. In addition to MBBS, Dr. Rashmi has completed MD in Radiodiagnosis and obtained FRCR and MMED degrees. She was exceptional in her studies and emerged as the top ranker in the Karnataka State MD/MS entrance examination in 2009. Dr. Rashmi was also awarded 2 Gold Medals in Radiology by the Governor of Karnataka for securing the 1st rank in MD Radio-Diagnosis from RGUHS in 2012. She additionally won the 1st prize in a quiz at the IRIA Karnataka state conference in 2011. Dr. Rashmi's vast expertise lies in High-Frequency Ultrasound, Multidetector Computed Tomography, and other diagnostic imaging modalities in the evaluation of various conditions. With a passion for advancing the field of Radiology, Dr. Rashmi has published several research papers in peer-reviewed journals, including the Journal of Clinical and Diagnostic Research and the Journal of Evidence-based Medicine and Healthcare. She has conducted extensive research in these areas. She has also played a key role in the evaluation of paediatric abdominal tumours and the detection and characterisation of orbital lesions. Some of Dr. Rashmi's co-authored work includes - Role of High-Resolution Ultrasonography in the Evaluation of Posterior Segment Lesions of the Eye, Efficacy of Transcerebellar Diameter / Abdominal Circumference Versus Head Circumference/Abdominal Circumference in Predicting Asymmetric Intrauterine Growth Retardation, and Ultrasonographic evaluation of abnormal uterine bleeding in postmenopausal women. Dr. Rashmi has been a member of the Royal College of Radiology in London and the Indian Radiological and Imaging Association. Her expertise in diagnostic imaging enables her to provide high-quality services for patients with a range of conditions, from trauma to cancer.
