

DR. RESHMA ARAMANADKA

Consultant - PICU

Qualification

MBBS | MD | DM in Pediatric Critical care

Overview

Dr. Reshma Aramanadka is a renowned paediatrician, currently serving as a consultant at the Manipal Hospitals Old Airport Road, Bangalore. She has vivid and long experience in treating critical pediatric cases, due to which she is often referred to as one of the best ICU paediatricians in Old Airport Road. The doctor has immense control over several complex intricacies of pediatric health. She has a wide range of expertise, such as Mechanical ventilation, neurointensive care, pediatric infectious diseases requiring intensive care, and family-centred care. Her several academic accolades and several educational qualifications are some of the reasons which have enabled her to gain such high standards of success in the field. She has done MBBS from Bangalore Medical College and Research Institute, MD in Pediatrics and DM in Pediatric Critical Care from PGIMER, Chandigarh. She has also done a post-doctoral Fellowship in Pediatric ICU. She is widely known for being able to communicate flawlessly with her patients from a wide range of cultural backgrounds, and being fluent in English, Hindi, Kannada, Tamil, and Malayalam makes the communication process easier for her. Dr. Reshma Aramanadka has been a part of several prestigious and highly appreciated publications teams and has several of her own work published. 'Frontal pyomucocoele as forehead swelling in a five-year-old girl', 'Epilepsy and Neurodevelopmental Outcomes in a Cohort of West Syndrome Beyond Two Years of Age', and 'Acute encephalopathy with biphasic seizures and late diffusion restriction in scrub typhus encephalitis ' are some of her most notable works. She is also a member of the team of authors publishing the Indian Academy of Paediatrics.
