

DR. NAVEEN KUMAR GUPTA

Consultant - Urologist & Renal Transplant Surgeon

Qualification

MBBS (HONS) | MS (Cal) | MCh (Uro) | Gold Medallist

Overview

Dr Naveen Kumar Gupta is one of the most experienced urologists and renal transplant surgeons in Kolkata. With a strong educational background and a wide range of expertise, he is known for his effective communication skills and dynamic leadership qualities. He is one of the best urologists in Saltlake, Kolkata. Dr Gupta completed his MBBS (Hons) and MS (General Surgery) from NRS Medical College in Kolkata, where he excelled and was awarded a gold medal. He further pursued his M.Ch. in Urology from IPGMER in Kolkata, solidifying his specialization in the field. Dr Gupta is fluent in English, Hindi, and Bengali, which enables him to effectively communicate with patients from diverse backgrounds. Currently, Dr Gupta is working as a consultant in a prestigious tertiary care institute in Eastern India, where he is highly regarded for his expertise. He specializes in performing both Live and Deceased Donor Renal Transplants, demonstrating his proficiency in complex surgical procedures. In addition to his expertise in renal transplants, he is skilled in general surgery procedures, including open, laparoscopic, and trauma procedures. Dr Gupta has trained surgical residents and has held positions as an Assistant Professor in both Urology and General Surgery at renowned medical institutions, such as IPGMER & SSKM Hospital and NRS Medical College, in Kolkata. With a wealth of experience in the medical field, Dr Gupta possesses excellent surgical skills and adopts a meticulous approach to patient care. He is well-versed in the latest treatment modalities and keeps up-to-date with the advancements and innovations being made in the field. His attention to detail and organizational skills ensure that patients receive the highest quality of care. Dr Naveen Kumar Gupta's reputation as a sound surgeon, coupled with his effective communication skills and leadership qualities, makes him a trusted and sought-after medical professional in the field of Urology and Renal Transplantation. His dedication to providing exceptional patient care, along with his ability to adapt to the changing and rapidly evolving medical landscape, makes him a valuable asset in the healthcare community.
