

DR. ANAND PATIL

Consultant - Paediatrics

Qualification

MBBS | MD Paediatrics | FIPM - Neonatology(IGICM)

Overview

Dr. Anand Patil is one of the well-known neonatologists and paediatricians in Bangalore and possesses more than 12 years of experience. He has been involved in the profession of improving the health of newborns, infants, and toddlers through his association with the Manipal Hospitals in Whitefield, playing the role of a Consultant in the Paediatrics field. He specialises in fields like neurodevelopmental assessment in babies, neonatal imaging, and neonatology. He is rightly qualified to diagnose and handle the delicate issues faced by neonatal or newborns with challenging medical conditions. Several renowned medical societies like the NNF or National Neonatology Forum, and IAP or the Indian Academy of Paediatrics awarded prestigious fellowships to Dr. Anand Patil. He has also completed his PGPN or Post-Graduate Program in Pediatric Nutrition from the USA's Boston University, which helped him accentuate the methods of diagnosis and treatments. Dr. Patil is the best neonatologist in Whitefield, Bangalore. Dr. Anand Patil also acquired the FIPM or Fellowship of Interventional Pain Management with a specialisation in Neonatology at the Indira Gandhi Institute of Child Health. He also holds dual fellowships in Perinatal Medicine and Neonatal Intensive Care Unit from the Rajiv Gandhi University of Health Sciences and Indira Gandhi Institute of Child Health. Dr. Anand possesses over 12 years of experience and he has more than 7 years of expertise as a paediatric specialist. He completed his undergraduation in 2011 from Karnataka Institute of Medical Sciences in Hubli and won the best outgoing student award. In 2015, he completed his MD in Pediatrics from Krishna Institute of Medical Sciences located in Karad and grabbed the first rank in the final examination. Dr. Anand Patil specialises in treating neonates and babies having autism disorder, tonsillectomy, choking incidences, breathing disorders like asthma, bed wetting, Asperger Syndrome, high-risk infections, perinatology, lung development issues, neonatal respiratory problems, tympanostomy tube issues. He has also completed a 3-month training program with certification in USG Cranium and Functional 2D Echo at the Manipal Hospitals in Bangalore. He has also undergone the NEST or Neonatal Emergency Simulation Training program at Gurgaon in Haryana. This paediatrician also completed a certified course that focuses on Bayley Scales for toddler and infant development, and Pearson Clinical Assessment. Dr. Anand Patil has completed a PICNIC course certified and approved by UK's reputed institutions like NCRI, NTS, RCPCH, and CATS. He was also a part of the researchers at the Indira Gandhi Institute of child health in Bangalore on the International study on hypothermia for encephalopathy among middle and low-income countries. Online news sites like Medgate Today have also published the news on how Dr. Anand helped with the delivery of a preterm baby when a pregnant lady met with a road accident.
